PROFILE OF SNAP HOUSEHOLDS

Georgia Congressional District 5

The Supplemental Nutrition Assistance Program (SNAP) is the cornerstone of the Nation's nutrition assistance safety net. Benefits are available to most people who meet the financial and nonfinancial requirements, and the program serves a broad spectrum of low income people. In Fiscal Year 2015, SNAP provided about $2.8 billion dollars in food benefits to a monthly average of 1,800,531 people in Georgia. The program served 89.1 percent of those eligible for benefits in Georgia in 2014. SNAP also has an economic multiplier effect; every dollar in new SNAP benefits results in $1.80 in total economic activity.

The American Community Survey provides a snapshot of SNAP participants in 2015 for each Congressional District.[1] More detailed information for the Nation and each State is presented in *Characteristics of Supplemental Nutrition Assistance Program Households: Fiscal Year 2015*, available at http://www.fns.usda.gov/ops/research-and-analysis.

Georgia Congressional District 5

Characteristic	Households Receiving SNAP	Households not Receiving SNAP	Total
Households	51,493	247,668	299,161
With one or more people 60 years and over	31.2%	26.4%	27.3%
With Children under 18 years	48.8%	17.2%	22.6%
Poverty Status in the past 12 Months[2]			
Below poverty level	53.7%	9.9%	17.4%
Race and Hispanic or Latino Origin of Householder			
White	8.7%	44.6%	38.4%
Black or African American	86.5%	48.2%	54.8%

Families	33,582	98,745	132,327
No workers in the past 12 months	21.2%	12.2%	14.5%
1 worker in the past 12 months	53.8%	33.5%	38.7%
2 or more workers in the past 12 months	25.0%	54.2%	46.8%

Source: USDA FNS SNAP Program Data (downloaded December 2016), Reaching Those in Need: Estimates of State SNAP Participation Rates (forthcoming); U.S. Census Bureau 2015 American Community Survey (ACS), using 114th Congressional District boundaries.

[1] The ACS employs yearly sampling to produce statistical estimates. The descriptive statistics presented here are, therefore, subject to year-on-year measurement variations due to margins of error in the estimates.

[2] The ACS bases poverty status on annual household income; SNAP eligibility is based on monthly income. Due to this difference in reference periods, poverty status in the ACS may differ from poverty status at the time of SNAP certification.
