## Update on Round Surveys for Fresh Bulk Potatoes and Fresh Sweet Potatoes

### Fresh Bulk Potatoes

We have released the regular round survey, 01-I-89, for the highly popular Fresh Bulk Potatoes for processing and will be available tomorrow, April 5, 2006 for immediate ordering. The commodity group (89) is now referred to as Bulk Fresh Reprocessing with *new* delivery dates of 10/1-10/15, 10/16-10/31, 11/1-11/15, and 11/16-11/30. The survey will close on June 2, 2006. This was the same survey number initially used as a pre order earlier this year for those of you placing orders while in this status.

### Fresh Sweet Potatoes

Due to popular demand, we will soon be offering this item (A230) as an entitlement commodity for this school year. They come in a 40 pound carton. It has been offered in the past as bonus. We have approved NPA processors for this new product as well. Keep an eye out on the ECOS notification regarding this survey.
