

## Change Reporting Options

States can use a variety of options for households not in simplified reporting who are subject to incident or change reporting rules to lessen the reporting burden on these households and the workload of field staff. Status reporting requires households to report only when a member changes jobs, receives a different rate of pay, or has a change in his or her work status, i.e., from full time to part time or vice versa. Another option requires households to report only when there is a change in earnings of \$100 or more per month. A third option allows households to report only when there has been a change in unearned income from private sources of \$100 or more per month. Use of reporting options is expected to decrease as more State agencies take full advantage of simplified reporting.
