## 1. User Registration Tips

**1.1** When creating a new user the Last Name and email address must be the same in FFAVORS and eAuthentication

**1.2.** When adding a new user in FFAVORS, the User ID filed is still a required field to be entered by the DLA System Administrator.

**1.3.** Most common issues with registration:

## FFAVORS FAQs and Tips

---

- a. When completing eAuth registration page, user cannot use Internet Explorer 7. Internet Explorer 8 is recommended or IE 9 in compatibility mode.
- b. eAuth registration email is blocked by users mail server. Need to allow emails from : [eAuthHelpDesk@ftc.usda.gov](mailto:eAuthHelpDesk@ftc.usda.gov) and [eems.support@ocio.usda.gov](mailto:eems.support@ocio.usda.gov) .
- c. New user does not select the “ACTIVATE MY ACCOUNT” within the notification from eAuthentication. This must be done within 7 days of the creation of the eAuthentication account.
- d. User enters a different last name/email address in eAuthentication than what is in FFAVORS.
- e. Issue with the eAuthentication web site during the users registration process that requires user to contact the eAuth help Desk at 800-457-3642.

**1.4.** Registration emails that are sent to users when their FFAVORS profile is created are for that specific user only and SHOULD NOT BE SHARED. If a user tries to register using another person’s registration email it will not work.

## 2. Questions relating to Customer Account Creation

### *2.1 Q. Who can use eAuthentication?*

A. Any public customer who would like to conduct business with the USDA can establish an eAuthentication account on this Web site. However, an account with Level 2 access is required to conduct official electronic business transactions with the USDA via the Internet. USDA Employees may register for a Public Customer eAuthentication Account ONLY when they would like to conduct PERSONAL business with the USDA. Do NOT register for a Customer Account if you need an Employee Account! Only Employee accounts can be used successfully for official business at USDA websites.

**If you are a USDA Federal Employee** , you should continue with the USDA eAuthentication [Employee Create an Account](#) process

### *2.2 Q. Do I have to submit an application for an account for Level 1 access and then submit another one for Level 2 access?*

A. You only need a single account to do business with the USDA at any eAuthentication-protected website. However, an account with Level 2 access is required to conduct official electronic business transactions with the USDA via the Internet.

## FFAVORS FAQs and Tips

---

***2.3 Q. I signed up for an eAuthentication account with Level 1 or 2 access. What is my next required step?***

A. All levels of eAuthentication access require you follow the directions in the Confirmation email you received at the email address provided in your profile.

***2.4 Q. How long do I have to respond to the Confirmation email?***

A. You have a maximum of seven (7) days to respond to the Confirmation email, or your account will be deleted. You can respond by using the link provided in the Confirmation email.

***2.5 Q. It's after the seven (7) day period and I didn't respond in time. What now?***

A. After seven (7) days the account you created was deleted. You must start the entire process over to create a new eAuthentication account. You will need to use a new User ID. You cannot use your previously selected User ID. You must follow the instructions on your confirmation email within the required seven (7) day time frame.

***2.6 Q. If my account is deleted because I didn't respond within the seven (7) day limit, can I use the same User ID?***

A. No, that User ID cannot be used again. You must create a new unique User ID.

***2.7 Q. The Customer Profile won't accept the User ID I have created. Why?***

A. The User ID is already in use by someone else. Since User IDs are required to be unique, you cannot use the same one.

***2.8 Q. I don't see a confirmation email from the USDA, but I am within the seven (7) day window.***

A. It is common that anti-spam software in your email software or at your email servers can interfere with the USDA's confirmation email message to you. Look in folders other than your "Inbox" such as "SPAM", "Junk Mail", "Bulk", or "Suspected SPAM". In addition, some Internet Service Providers include a service that captures suspected SPAM and maintains these files outside of your individual email account.

If after 24 hours you do not receive the confirmation email:

- Turn off your email provider's filters.
- Turn off your personal email filter settings.
- If it has been more than one day since the account was created and you have searched, but can't find the confirmation email, then be sure that you don't have any filters, forwarding, or anti-spam measures that might affect your incoming

mail. Once you've completed that, then create a new account and be ready to respond to the confirmation email. Be advised that you will not be able to use the same User ID.

***2.9 Q. I never found my first confirmation email, so as you suggested, I turned off my anti-spam and filters and created another account. It's been a day and still no confirmation email. What now?***

A. Call the eAuthentication Help Desk at 800-457-3642 and explain the situation in detail. Provide your first and last names and the User ID for any accounts you created. Since you now have multiple accounts, please identify the single account that you wish to use and authorize the Help Desk to disable the others.

***2.10 Q. I can't get the link in the Confirmation email to work. What now?***

A. At the bottom of the Confirmation email is long string of alphabetic and numeric characters. Copy and paste the entire string of characters into the address window of your browser and press the Enter key.

***2.11 Q. I couldn't get either the link in the Confirmation email or the long string technique to work. What now?***

A. We suggest you forward the entire Confirmation email you received to the ITS Service Desk for troubleshooting at [eAuthHelpDesk@ftc.usda.gov](mailto:eAuthHelpDesk@ftc.usda.gov). Please include your User ID and the date you attempted to confirm your email.

***2.12 Q. I signed up for an account with Level 1 access and confirmed my email address. What now?***

A. Your account is ready to use! You can access any USDA application that requires an account with Level 1 access. The receiving application may require a user profile within its data base to ensure access.

***2.13 Q. I signed up for an account with Level 2 access and confirmed my email address. What now?***

A. You must visit a local USDA Service Center in person for identity proofing. ([Find an LRA](#)) Take your government-issued photo ID to the nearest USDA Service Center most convenient to you for identity proofing

The government-issued photo IDs that are accepted for eAuthentication Level 2 account activation are:

- State- or Province-issued Driver's License or Photo Identification card from the United States or Canada

## FFAVORS FAQs and Tips

---

- US Military or US Federal Government employment PIV/CAC (Smart) identification card (DoD, DoS, DHS, etc.)
- Valid passport from one of the following countries: Andorra, Australia, Austria, Belgium, Bermuda, Brunei, Canada, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Guam, Hungary, Iceland, Ireland, Italy, Japan, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Mariana Islands, the Marshall Islands, Mexico, Micronesia, Monaco, the Netherlands, New Zealand, Norway, Portugal, San Marino, Singapore, Slovak Republic, Slovenia, South Korea (Republic of Korea), Spain, Sweden, Switzerland, the United Kingdom or the United States of America.

**Note:** Your first and last names must appear exactly as they appear on your government issued photo ID that you present at the Service Center.

***2.14 Q. I logged into my Level 2 account and was prompted to answer questions. Why did this happen?***

A. USDA eAuthentication is trying to make it easier for all customers to retrieve their forgotten password and increase account security. The security questions and answers are a way to make your information more personal (memorable) and more difficult to research.

If you forget your password in the future, you will now be asked to answer these questions instead of entering your original security attributes.

***2.15 Q. How do I locate my nearest USDA Service Center?***

A. Please browse to <http://offices.sc.egov.usda.gov/locator/app?type=lra>. This site will help you to identify a USDA Service Center with an LRA, and will provide you with contact information and map directions to help you find it.

***2.16 Q. I am a federal employee from an agency other than the USDA, why would I need to register for an account with Level 1 or 2 access?***

A. Two possible reasons for you to obtain an eAuthentication account would be: 1) you would like to conduct personal business transactions with the USDA or 2) you need to access a Web site protected by eAuthentication that requires an eAuthentication account with Level 2 access.
