

# AIS 11.2016 Update

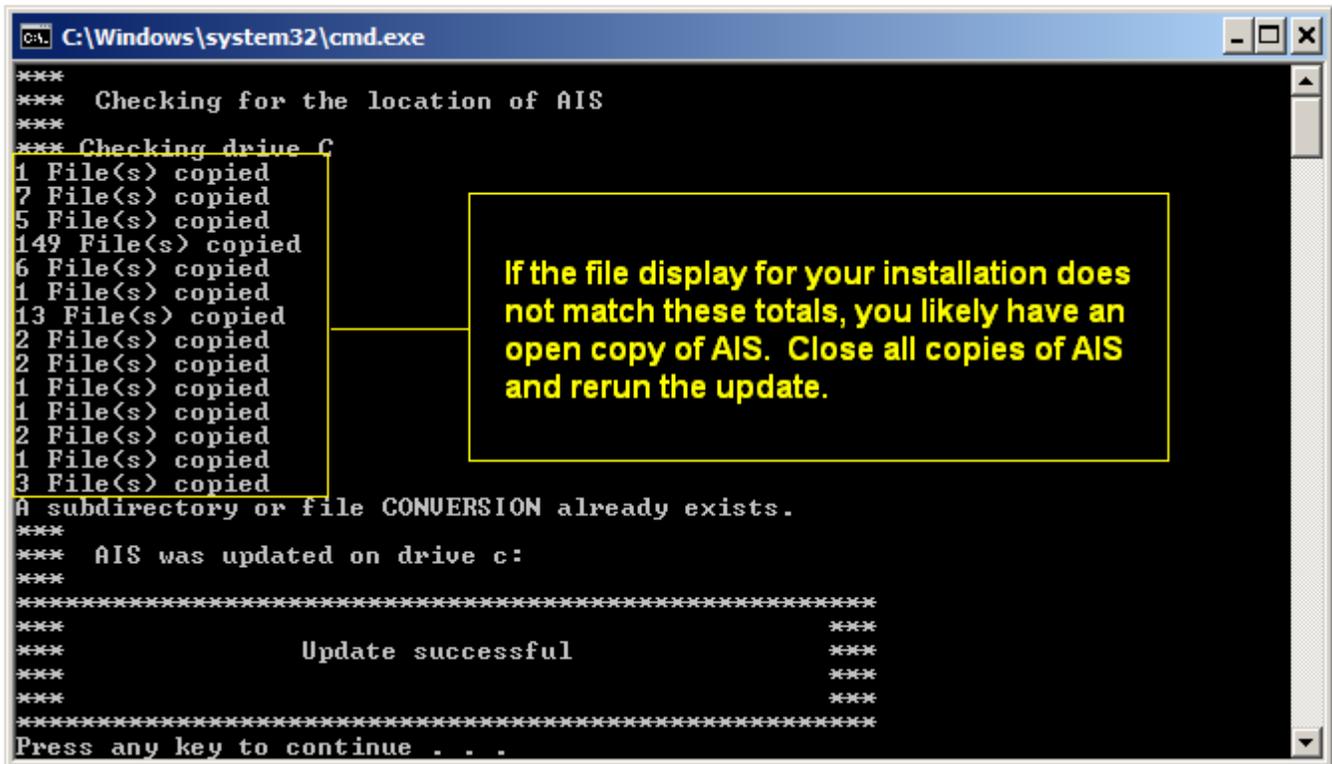

The AIS Windows 11.2016 update contains:

- New codes for Cherry Apple Juice, Fresh Eggs, Bison, Wild Rice and Salmon Fillets
- Additional Bison issuance rates for 2lb packaging
- The barcode scanning has been corrected to accurately place skips on Non-Fat Dry Milk household size 01.
- Remove references to 2.5 lb Bison package size on the shopping list.
- Modify the commodity order options for printouts and issuance displays.

## Installing

1. Click on this link to start the download/install: <http://www.fns.usda.gov/sites/default/files/ais/1116.exe>
2. Click **Setup** to start the installation process. Make sure that there are no open copies of AIS on any computer on the network or the installation computer or the update will not complete properly.

3. Verify that the files copied totals match the display example above before pressing any key to continue. When AIS is started the updated guide rate will appear as:

AIS WINDOWS SYSTEM DATE:

October 26, 2016

GR:

10.2016

**New Commodity Codes**

- FFF701 – FRESH EGGS 15
- 100894 – CHERRY APPLE JUICE
- 110692 – WILD RICE
- 110830 – WILD RICE 25/1
- 110750 – SALMON FILLETS
- 110778 – BISON 2lb
- 110779 – BISON 1lb
- 110792 – BISON 1.25lb

**Bison Issuance Rates**

\*\* PLEASE NOTE – This rate is for the warehouses that receive the 2lb packaging only. \*\*

Household/PKG Size	1	2	3	4	5	6	7	8
<b>LARGE</b>								
110778 – 2lb	1 per 2 mos.	1	2	2	3	3	4	4
<b>SMALL</b>								
110792 – 1.25lb	1	2	3	4	5	6	7	8
110674 – 1.25lb	1	2	3	4	5	6	7	8
110779 – 1lb	1	2	3	4	5	6	7	8
110001 – 1lb	1	2	3	4	5	6	7	8

The rule for issuance is that the warehouses which receive the 2 lb packages will be issuing at a different rate than for the smaller 1.25 or 1 lb packages. Also – if the warehouse receives the 2 lb packages and still has in inventory or orders additional 1 or 1.25 lb packages the issuance rate will only allow for issuance of same package sizes.

For example – if a household selects a 2 lb package, then all selections for that household for that month will require the issuance based on the 2 lb package rate. There is NO MIXING. If both types are available for selection and a household of size 1 selects a 2 lb package, then that household will be placed on a skip status for the following month and no additional bison selections will be available.

Odd households sizes 3 and larger receiving the 2 lb packages will actually be receiving one additional pound per month of Bison.

***NOTE – The 2 lb Bison will be limited in availability. Please contact your regional office program representative for any questions regarding Bison ordering options.***

**Wild Rice Issuance Rates**

HH Size	1	2	3	4	5	6	7	8
110692 Wild Rice	1 per 3 mos.	1 per 2 mos.	1	1	1	2	2	2

**Salmon Fillet Issuance Rates**

HH Size	1	2	3	4	5	6	7	8
110750 Salmon Fillet	1	2	3	4	5	6	7	8

## Commodity Order display/print settings

AIS has been modified to automatically place commodities in a select order for all reports and screen displays without prompting you to choose each time you print a report.

Reports include the FNS152, Availability List and Shopping List. Screen displays include the Issuance, Adjust Issuance and Rapid Transaction Entry for inventory.

The default setting will be sorted by food groups only which is the original value of prior versions of AIS. The new default settings will you to set the sorting order by food group and material code or add a sort by food type as well.

Every AIS system will initially start with the default setting of sorted only by food group. AIS users will only have to one time modify their desired setting.

Examples of sort order:

**Default**
