**DATE:** May 18, 2017

**POLICY NO:** Fiscal Year (FY) 2017 Food and Administrative Funding for The  
Emergency Food Assistance Program (TEFAP)

**SUBJECT:** Regional Directors  
Special Nutrition Programs

State Directors  
TEFAP State Agencies

### Introduction

Four pieces of legislation currently govern the level of food and administrative resources available to TEFAP in FY 2017: the Agricultural Act of 2014; the Food and Nutrition Act of 2008; the Emergency Food Assistance Act of 1983; and the Consolidated Appropriations Act, 2017 (P.L. 115-31, the Appropriations Act), which provides funding through September 30, 2017.

The purpose of this memorandum is to provide final, full Fiscal Year 2017 TEFAP funding information as a follow-up to the FY 2017 TEFAP estimated funding memorandum FNS previously released in March 2017.

### Food Funds

Section 27(a) of the Food and Nutrition Act of 2008 established the amount of funding available for TEFAP food purchases for FY 2009, and indexes that amount to annual changes in the Thrifty Food Plan (TFP), which is also used to determine the maximum benefit level for the Supplemental Nutrition Assistance Program (SNAP). Section 4027 of the Agricultural Act of 2014 maintained the funding formula established in Section 27(a) of the Food and Nutrition Act of 2008. The Agricultural Act of 2014 also added specified amounts annually, separate and distinct from the inflationary adjustments referenced above, to begin in FY 2015. Finally, the Appropriations Act provides an additional \$19 million in TEFAP food funding for FY 2017.

Based on changes in the TFP and the additional food funds from the Agricultural Act of 2014 and the Appropriations Act, the amount available for TEFAP food purchases in FY 2017 is \$316 million. Of this, \$4.2 million is needed to pay costs associated with ordering and transporting the food, leaving \$311.8 million for the purchase of food.

### **Carryover of State TEFAP Food Entitlement**

Prior to enactment of the Agricultural Act of 2014, USDA was permitted to use funds authorized for the purchase of TEFAP food in only the fiscal year for which the funds were appropriated. Section 4027 of the Agricultural Act of 2014 amended Section 27(a) of the Food and Nutrition Act of 2008 to allow food funds authorized under the Act to remain available for two fiscal years, subject to such terms and conditions as determined by USDA. This provision took effect in FY 2015. Therefore, States are now able to keep the remaining TEFAP food entitlement balance at the end of a fiscal year and place orders against it during the subsequent fiscal year. However, funds remaining at the end of the FY after the FY in which they were initially appropriated will no longer be available to USDA, and therefore, will be unavailable for States to place orders against. In other words, any remaining State balance of FY 2015 TEFAP food entitlement expired at the end of FY 2016 (September 30, 2016). Furthermore, only balances of TEFAP food entitlement available from funds authorized under the Food and Nutrition Act of 2008 are eligible for carryover. The additional \$19 million appropriated by Congress for TEFAP food purchases in FY 2017 is only available for one year and cannot be carried over into FY 2018. Thus, State agencies should continue to make every effort to use their food entitlement in the year in which it is provided by USDA and ensure that any carryover food entitlement balance is expended by the end of the second year. Each State's FY 2016 carryover balance available in FY 2017 was determined based on an entitlement summary report pulled from the Web Supply Chain Management system on October 1, 2016.

The Agricultural Act of 2014 did not make changes to the availability of TEFAP administrative funds. TEFAP administrative funds provided to each State will continue to be available for only one year, the fiscal year in which they were appropriated.

### **Conversion of Food Funds to Administrative Funds**

TEFAP State agencies have the opportunity to convert their fair-share of up to 10 percent of the TEFAP food funds made available under the Food and Nutrition Act into TEFAP administrative funds. This includes the additional funds from the Agricultural Act. Accordingly, \$29.7 million in TEFAP food funds are available for conversion into TEFAP administrative funds. FNS Headquarters must be informed by May 26, 2017 whether TEFAP State agencies want to accept their portion of the convertible \$29.7 million as food funds, administrative funds, or any combination of the two. Note, the additional \$19 million appropriated by Congress for TEFAP food purchases in FY 2017 is not eligible for conversion.

### **Administrative Funds and their Conversion**

The Appropriations Act includes \$59.401 million in TEFAP administrative funds. Through April 28, 2017, per the terms of the first two Continuing Resolutions of FY 2017, TEFAP received a pro-rated portion of the administrative funds it received in FY 2016 totaling \$31,302,336. An additional 37-day allowance of administrative funds was recently made available totaling \$5,927,261. This leaves \$22,171,403 to be allocated for the remainder of FY 2017. As always, TEFAP State agencies may convert any portion of their administrative funds into food funds.

FNS Headquarters must be informed by May 26, 2017 regarding what portion, if any, of their administrative funds TEFAP State agencies wish to convert to food funds.

### **Worksheets**

Previously in this fiscal year, FNS provided two worksheets to TEFAP State agencies detailing administrative funding allocations under the two Continuing Resolutions of FY 2017. Attached, please find two additional worksheets that provide further details regarding FY 2017 TEFAP funding.

- A. Worksheet #6 shows each State's share of the \$10,434,112 in FY 2017 TEFAP administrative funds provided under the first Continuing Resolution, each State's share of the \$20,886,224 provided under the second Continuing Resolution, and each State's share of the \$5,927,261 provided under the 37-day allowance. Finally, it shows the remaining \$22,171,403 to be allocated under the final FY 2017 Appropriations Act, and the total of these amounts.
- B. Worksheet #7 shows each State's allocation of FY 2017 TEFAP food funds provided under the final FY 2017 Appropriation Act that are *not convertible* to administrative funds, the share of food funds that *are convertible*, each State's FY 2016 *carryover balance* available in FY 2017, and the *total* of these amounts.

### **Conclusion**

FNS Headquarters must be informed whether TEFAP State agencies want to (a) accept their portion of the estimated \$29.7 million in convertible TEFAP food funds as food funds, administrative funds, or some combination of the two by May 26, 2017; and (b) convert any portion of their estimated administrative funds into food funds also by May 26, 2017. Regional Office staff will provide further guidance on applicable timeframes for submission to their offices, which will enable them to provide the information to FNS Headquarters in a timely manner.

Please note all TEFAP food and administrative funds are subject to apportionment by the Office of Management and Budget (OMB). We will keep you informed regarding the availability of these funds.
